# About This Game

Inkulinati is a turn-based strategy game about illuminated animal battles full of eccentric humour.

In Inkulinati you take on the role of a medieval illuminator, who uses the Living Ink to paint and command an army of creatures in order to defeat numerous opponents and become the Master Illuminator.

# Key features

- **Unique setting.** Medieval marginalia are the source of endless inspiration, amazing creativity and a tint of madness.

- Turn-based strategy bursting with **eccentric humour.** Besides attacking you can sing, bark, purr or play a trumpet with your bum - all to take advantage of your opponent.

- **Special actions performed by the illuminator.** Use your fists to smash your opponent's troops, draw obstacles or relocate your units.

- **Living Ink.** The most important resource in the game, left by defeated troops. Collect it and be sure to paint reinforcements for your army.

- **Campaign.** In the campaign mode, the player will face AI-controlled adepts of illumination, who stand in the way of becoming the Master Illuminator and entering the final duel with Death herself.

- **Character development.** Earn experience points with each duel to upgrade your workshop, unlock new units and actions for the illuminator's hands.

- **Creating a story.** With each battle, a story is written to celebrate all epic deeds that happened on the battlefield. You can see the story coming to life and filling the empty spaces of the manuscript.

- Turn-based battles in **hot-seat, singleplayer or online multiplayer** modes.
